BRUNNEN VERLAG

**Guidelines:** Many non-communicable diseases have different health impacts depending on gender. Both men and women experience health risks from smoking, but smoking has been linked to different types of cancers in women than in men.

**Question:** How can we best prevent breast cancer through screening? (A) Early detection  
leads to higher rates of early-stage breast cancer, better outcomes, and more time for treatment. (B) Screening makes it easier to detect breast cancer.

**Catatan :** Harus memperhatikan bagaimana para pengguna tidak berpikir tentang teknologi sebagai berjalan di atas manusia dengan tujuan bagi hasil untuk mencapai keberhasilan dan sukses dalam berusaha yang dimulainya. Selain itu, memperhatikan bahwa teknologi merupakan alat yang membantu manusia dalam jalannya bisnisnya.
